Introduction

IUCN is a unique organisation – a democratic membership Union – composed of over 1,400 Members, some 15,000 scientific experts in our thematic Commissions and some 900 staff, who work together in more than 160 countries. By joining IUCN, Members benefit from IUCN's scientific credibility, its unsurpassed knowledge base and convening power, extensive networking opportunities and access to high-level political, economic and social decision making. More information on the benefits of IUCN membership is available here.

The prompt payment of annual membership dues is essential to fund the work of IUCN, supporting the implementation of the Programme and governance of the Union, the facilitation of global networking and communications, and the sharing of knowledge and expertise.

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year.

This Dues Guide provides information on the calculation and structure of dues for IUCN Members.

For additional information, please contact the Membership Focal Point in your region.

IUCN is most grateful for your invaluable support.

Union Development Group
January 2021
Categories of membership

Membership of IUCN is divided into four categories, as defined in Articles 4 and 5 of the IUCN Statutes.

Category A: States and government agencies; Political and/or economic integration organisations;

Category B: National non-governmental organisations; International non-governmental organisations;

Category C: Indigenous peoples’ organisations; and

Category D: Affiliates.

For each category, there is a corresponding dues scale. It is one of the functions of the IUCN World Conservation Congress to determine the dues of Members of IUCN (Article 20 (f) of the IUCN Statutes).

At the 2020 World Conservation Congress in Marseille, Members approved the IUCN Membership Dues Guide 2021–2024 (Congress Document CGR-2020-7.3/-Annex 1). More information on the calculation and structure of IUCN membership dues can be found in the sections below.

At the 2000 Congress (Amman), Members requested the IUCN Council to review the calculation of membership dues, linking them to a recognized published inflation index instead of the pre-defined percentage increase used since the 17th Session of the General Assembly (San José, 1988).

In Bangkok, in 2004, the Members’ Assembly approved Council’s proposal to use the Swiss Consumer Price Index\(^1\) (CPI), published annually by the Swiss Federal Statistical Office to index the membership dues, from 2006 onwards. No adjustments to the dues are made when the index is negative.

Membership dues

Category A: States, government agencies, and political and/or economic integration organisations

As per Regulation 22\(^2\) of the IUCN Statutes, the “Scale of assessments for the apportionment of the expenses of the United Nations” is used as a basis to establish the membership dues groups for States, government agencies and political and/or economic integration organisations. The repartition of UN assessment percentages within the IUCN dues groups (Table 1) is decided by the IUCN Council, while the definition of the dues amounts (Tables 2, 3 and 4) is a Congress decision.

The latest “UN scale of assessments for the period 2019-2021\(^3\)” was published on 4 January 2019. Consequently, the IUCN Dues Guide has been updated to reflect the 2019–2021 UN Scale of assessments and it is valid for the years 2021 to 2024.

In the calculation of membership dues for States, government agencies and political and/or economic integration organisations, IUCN does not apply the UN assessment percentages directly. Rather, IUCN has elaborated its own sliding scale to form the IUCN dues groups/levels by grouping the different countries according to their percentage contributions to the UN budget. Approved by the 2000 IUCN World Conservation Congress (Amman), the present scale of percentage grouping, used to determine the IUCN Category A membership dues scale of 11 groups, ranging from “0” to 10, is shown in Table 1.

Table 1: IUCN sliding scale of State, government agency, political and/or economic integration organisation Members and corresponding UN assessment percentages

4 Decision from the Members’ Assembly in 2004 (refer to page 2 for more information)
Category A: Government agencies and Subnational governments

For a government agency and subnational governments the dues group is the same as that of its State.

Government agencies are divided into two groups, A and B:

Group A: government agencies of a State where the State IS a Member of IUCN
Group B: government agencies of a State where the State IS NOT a Member of IUCN.

Dues for government agencies and Subnational governments in Groups A and B are shown in Tables 3 and 4 respectively.

Government agencies and Subnational governments – Group A:

<td></td>
</tr>
</tbody>
</table>

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%).

Membership dues for a government agency where the State IS a Member of IUCN are 3% of those of the State rate, except for government agencies of Groups “0” to 3 who pay the rate based on Group 4. For the appropriate dues group of your agency please refer to the IUCN dues groups for IUCN Members in Category A (2021–2024) at the end of this guide.

The membership dues of subnational governments are governed by the scale for “Government agencies where the State is a Member of IUCN”, irrespective of whether the State is a Member or not.

NOTE: text highlighted in yellow will be included in the 2021–2024 Membership Dues Guide, subsequent to the approval of the motion on Subnational governments.

<td>123,830</td>
</tr>
</tbody>
</table>

Membership dues are expressed in Swiss Francs (CHF) and include an increase corresponding to the average of the 2016 to 2019 Swiss Consumer Price Index (0.35%).

In a country where the State IS NOT a Member of IUCN, the government agency pays 25% of the amount of dues payable by the State if it were a Member, except for Group “0” for which the rate of dues is the same as in Group 1. For the appropriate dues group of your agency, please refer to the IUCN dues groups for IUCN Members in Category A (2021–2024) at the end of this guide.

Category A: Political and/or economic integration organisations

The amount of dues payable by political and/or economic integration organisations is the average amount obtained by adding up the dues payable by each of its State components, as if they were Members of IUCN, and dividing it by the number of States constituting the organisation concerned. Please refer to the IUCN dues groups for IUCN Members in Category A (2021–2024) at the end of this guide.

5 Decision from the Members’ Assembly in 2004 (refer to page 2 for more information)
6 Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica
Categories B and C: National and international non-governmental organisations and indigenous peoples’ organisations

Dues for national and international non-governmental organisations and Indigenous peoples’ organisations, shown in Table 5, are valid for the years 2021–2024, and were established according to Regulation 23.

The dues scale for national and international non-governmental organisations and Indigenous peoples’ organisations comprise ten different dues groups. A lower group was set for lower Indigenous peoples’ organisations and smaller civil societies. Membership dues for national and international non-governmental organisations and indigenous peoples’ organisations are calculated on the basis of the organisation’s total expenditure (in US Dollars). This is defined as all expenditure of the organisation during the year, irrespective of the funding source and including interest costs and taxes.

Applicant and Member organisations are requested to provide appropriate financial information including their latest annual audited financial statements together with a declaration of total expenditure. This will enable the IUCN Secretariat to determine the dues group an organisation should be in. If the organisation is not required to have a statutory audit, the latest annual financial statements approved by the Board or governing body can be provided.

Re-assessment of membership dues

Every four years, after the IUCN World Conservation Congress, the Secretariat undertakes a re-assessment of the dues groups for Members in Category B and C. In February 2021, after the approval of the Dues Guide at the Congress, each Member will be required to submit to the Secretariat, a declaration of total expenditure for the last three years, together with their annual audited financial statements for those three years. This information will be used by the Secretariat to calculate the average total expenditure for that period and to determine their dues group for the following four years (2021–2024). This exercise will be completed in time for the 2021 invoicing in November 2020. If a Member does not submit the information required, the Secretariat will use the latest financial statements available from public sources to determine the level of total expenditure of the Member. Failing that, the organisation will be reclassified into the dues group immediately above the one it is currently in.

7 Regulation 23: “Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council.”
Category D: Affiliates

Dues for Affiliate Members, shown in Table 6, are valid for the years 2021–2024, and were established according to Regulation 23.

All Affiliate Members pay the same rate as indicated below. Affiliate Members do not have the right to vote, nominate candidates or submit Motions to the World Conservation Congress (Article 12 (b) of the IUCN Statutes).

Payment of dues

When do dues become payable?

Membership dues are payable in advance and payment shall be received by the 1st of January. Invoices, issued in Swiss Francs, are prepared and dispatched during the last quarter of the preceding year, i.e. dues for 2021 should be received no later than 1 January 2021; dues for 2022 should be received no later than 1 January 2022, etc.

IUCN membership does not expire unless the IUCN Member is withdrawn or expelled from IUCN as detailed in Article 13 of the IUCN Statutes or unless the IUCN Member withdraws voluntarily by providing IUCN with written notification of its intention to withdraw its membership. Members withdrawing from the Union must ensure that all outstanding membership dues have been paid, up to and including the year of the notification of withdrawal.

With regards to withdrawal from the Union in relation to non-payment of membership dues, according to Article 13 (a) of the IUCN Statutes, "The rights of a Member in connection with elections, voting and motions shall ipso facto be suspended when the dues of that Member are one year in arrears.

If the dues of a Member are two years in arrears, the matter shall be referred to the World Congress which may rescind all the remaining rights of the Member concerned. Such rescission shall be on such terms as the World Congress may determine";

and 13 (b) "If, one year after the decision of the World Congress to rescind the remaining rights of a Member, the Member in question has not paid its arrears owed up until such rescission, that Member shall be deemed to have withdrawn from IUCN".

How can dues be paid?

Members

Dues shall be paid in Swiss Francs (CHF) or any other freely convertible currency. In countries where IUCN is represented by a Regional, Country or Project Office, payment of dues may be made to the IUCN Office in local currency, as per Regulation 25 of IUCN Statutes. For payments which are not made in CHF,

---

8 Government agencies, Political and/or economic integration organizations and national & international non-governmental organizations can apply as Affiliates.

9 Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica

10 Decision may be made during the World Conservation Congress or by electronic vote in-between Congresses.

11 Regulation 25 of IUCN Statutes: "Dues shall be paid in Swiss francs or any other freely convertible currency according to the scales established by the World Congress, unless the Director General has agreed with the Member in question that payment in local currency or provision of facilities, goods and services in lieu of dues may be accepted because this will release for use by IUCN a sum equivalent to the assessed dues of the Member in question".
Members are requested to use the same daily exchange rates as IUCN: http://www.oanda.com/currency/live-exchange-rates/, which will help to avoid major exchange rate differences when the payment is processed in IUCN accounts. Any exchange rate loss/gain or other difference in payment will be adjusted in the Member’s next year’s invoice.

In the case of outstanding dues from previous years, payments received will be first used to offset arrears before being allocated to the current year’s dues. If amounts paid are higher than what is due, the extra amount will be credited to the next year’s dues.

For payments by bank transfer, Members will bear all bank charges. Invoice number, Member ID and relevant contact details must be quoted when making payments. Secretariat/Membership Focal Points should be informed if the payment is made to the Regional Office directly or through a third party to help with the follow-up of payments.

For payments by credit card, membership dues of amounts up to 5,000 CHF can be settled by credit card* via the member profile page on the Union Portal12. Only Visa and MasterCard payments are accepted. Transaction charges for credit card payments will be borne by IUCN.

Payment receipts can be downloaded from the individual Member organisational pages on the Union Portal (within a few weeks of receipt of funds by IUCN Headquarters).

**Applicant Member organisations**

A deposit equivalent to the entire current year of membership is payable at the time of submitting a membership application. However, once the new Member has been admitted, the membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following admission. If the balance is then positive, it will be credited to the following year. If an application for IUCN membership is rejected, the deposit will be reimbursed less any administrative costs that may apply.

**Adhesion of States**

In accordance to Article 6 of the IUCN Statutes “States or political and/or economic integration organisations shall become Members of IUCN by notifying the Director General of their adhesion to these Statutes, effective upon payment of the first year’s membership dues.”, the payment equivalent to the first year of membership is payable at the time of submitting the letter of adhesion. The membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following receipt of the letter of adhesion.

---

12 please refer to section 4.15 of the Union Portal Guide
Payments details

Membership dues or deposit payments may be made to the following bank account:

Account name: IUCN, International Union for Conservation of Nature and Natural Resources

Bank Address: UBS Switzerland AG
Place St. François 16
CH-1002 Lausanne
Switzerland

IBAN/Bank account: IBAN CH23 0024 3243 3350 3501 W
Swift Code: UBSWCHZH80A
Currency: Swiss Francs

For any information regarding your payment, please contact your Membership Focal Point.

May we kindly remind you to inform us of any important changes in your organisation that may affect your organisation’s membership of IUCN, such as the category of membership or the dues group. If your Statutes and/or expenses have significantly changed since your organisation joined IUCN, please provide your Membership Focal Point with your organisation’s most recent Statutes and/or financial report, including the details of your organisation’s total expenditure.
